

# **OPERATOR ALERT**

## **FALL SHAKE-UP STARTS SATURDAY**

**Link Rail begins its fall shake-up this Saturday, September 22<sup>nd</sup>. This shake-up will run through to the Spring shake-up in mid-March. Please make sure you have your new run cards or see the dispatcher for a copy. Link Dispatch also has copies of the new schedules and packets of all the run cards that each operator should be carrying with them.**

**We have made every effort to proof read the run cards for accuracy, however, please be sure to review them for any errors. If you do find an error, please contact your chief as soon as possible so they can get any required changes to the scheduler.**
